

Project: Redcar- Environmental

Birse were awarded a £21M contract to reduce the flood risk to 1000 properties.

The flood defences stretch for 2.7km reducing erosion & flood risk for at least 50 years.

Installed section by section to reduce disruption to residents and visitors, 132 helical piles were installed across 3 zones in just 5 weeks;

Zone 1 = 59 piles @ 11.5m long; Zone 2 = 63 piles @ 10.5m long;
Zone 3 = 10 piles @ 9m long.
